APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application,
and do hereby grant the same, subject to the following limitations and
conditions: This permit is issued subject to all existing rights on
the source. It is understood that this water right must allow for
a reasonable lowering of the static water level at permittees well
due to other ground water development in the area. Accurate measure-
ments must be made of the water placed to beneficial use. The
State retains the right to regulate the use of the water herein
granted at any and all times.

The amount of water to be appropriated shall be limited to the amount
which can be applied to beneficial use, and not to exceed 1.114
cubic feet per second.

Actual construction work shall begin on or before October 12, 1950

Proof of commencement of work shall be filed before November 12, 1950

Work must be prosecuted with reasonable diligence and be completed on or
before October 12, 1951

Proof of completion of work shall be filed before November 12, 1951

Application of water to beneficial use shall be made on or before
October 12, 1952. Proof of the application of water to beneficial
use must be filed with State Engineer on or before November 12, 1952

Map Filed DEC 16 1949

Proof of commencement of work filed JUN 21 1950

Proof of Completion of work filed JUN 21 1950

Proof of beneficial use filed JUN 21 1950

of April, 1950
